One of the primary purposes of cookies is to provide a convenience feature to save you time. The purpose of a cookie is to tell the Web server that you have returned to a specific page. For example, if you personalize AdSpect pages, or register with AdSpect site or services, a cookie helps AdSpect to recall your specific information on subsequent visits. If you choose to decline cookies, you may not be able to fully experience the interactive features of the AdSpect services or websites you visit.
